"NEW" Swimfit System... Bringing Exercise Home

Inside the Swimfit, a custom designed 16" propeller creates a turbulent-free swim current

Pool water enters from six sides into an injection molded inlet grill

You swim in place against a broad, smooth fully adjustable current suitable for any swimming ability.

- Swim for Therapy!
- Save time and swim at home
- Low impact aquatic exercise to competitive swim training
- Fun for all ages to enjoy!
- Bring exercise home!

Transform your pool into a TRAINING POOL

9 X 17 Swimfit System

- Wide range of exercise
- Uses propeller instead of jets
- Fully adjustable current suitable for any swimming ability
- Swim against up to 5,000 gallons of water per minute
- Consistent current wider than your body and deeper than your stroke
- Current is smooth, bubble free and turbulence free
- Optional heaters available in propane or natural gas
- Used in training by top IronMan™ competitors
- Portable
- Children use it as a water park ride
- Safe acrylic inlet grill
- Simple and reliable hydraulics and all electricity far from pool
